

Eastcombe Beavers 2020 Report

The last year has been very successful with Friday Night Beavers. We have 20 current members and a fantastic turnout every week. Many badges have been awarded to the Beavers. Over the last year we have done many activities including:

Games Nights

Camp Craft

Hikes

Tunnels

Community Impact Badge

Litter Picking

Disability Awareness Evening

Communicator Badge

Science Experiments

Cooking

Making Bird Feeders

Pancake making

Visit from the Foodbank

Climbing Center in Gloucester

Over Covid a few Beavers have also managed to Earn their Camping Badge by Camping in their gardens!

One Leader Adam Halsey has now moved on however Richard Sullivan has volunteered to replace him.

Obviously we have been affected by Covid 19 significantly. Our bank account is not great due to no Subs since March.

We have just sent out an email to the parents asking how they feel about restarting as an outdoor only operation. It will also give us an indication on our numbers as under normal circumstances at least 5 should have moved on by now due to their age and I am sure would have been replaced.
